## AMERICAN LEAGUE STARS SCORE THIRD SUCCESSIVE TRIUMPH OVER NATIONALS

For the third successive time the shooting stars of the baseball firmament gathered to outshine each other before 70,000 fans, at Cleveland, and for the third time the Americans stole the honors. Jimmy Pox and "Lefty" Gannon were the two who sent the Nationals reeling into defeat. Gannon allowed only three hits in six innings, while Jimmy Pox hit a homer with Gehrig on base to give the Americans a lead they never surrendered. Above are the members of the all-star American team, with the "serious" leader, Mickey Vernon, in the center.

## NEW BRITISH SEAPLANE AMAZES SPECTATORS

The aviation enthusiasts who went to Hendon, England, to see the R. A. F. pageant the last week in June were treated to something new in seaplanes when this strange "bird" floated over the aerodrome flying in formation with other seaplanes from the experimental department at Felixstowe. This picture was taken when the machine took part in a demonstration over its home base before flying inland for the "big show."

## AN INTERESTING EXHIBIT

The exhibit of the Live Stock Branch, Dominion Department of Agriculture, which will be shown at Class B agricultural fairs to be held at several towns in the Prairie Provinces and also at Fort William, Ont., during July and August, will emphasize the advantage to farmers of producing quality products.

"Quality, the most desirable of all market attributes, comes from animals of proper type and properly finished. Quality, type and finish are the guiding principles of the Dominion Live Stock Branch activities," states George

R. Rothwell, Dominion Live Stock Commissioner. This statement is prominently displayed on the exhibit, which is amplified by colored photographs of the best types of hogs, horses, beef cattle, sheep and poultry, depicted under conditions in which they should be raised and marketed to obtain the best results.

The Live Stock Branch exhibit will be seen at Portage la Prairie and Dauphin, Manitoba; Yorkton and Melville, Saskatchewan; Red Deer and Camrose, Alberta; during July; and at Lloydminster, Saskatchewan, and Fort William, Ontario, during the first two weeks in August.

## MAURICE CHEVALIER FINDS BRITAIN "HOT"

Maurice Chevalier, famous French comedian and film star, is shown looking very enviously at Cupid as he presides in an English heat-wave while attending the Theatrical Garden Party in Regent's Park, London. The charming little Cupid is six-year-old Deirdre O'Neil, the British "Shirley Temple" who has played in nine films so far.

## MUSSOLINI ALL WET

Vacationing at Riva di Giussano, Italy, Premier Benito Mussolini is pictured above enjoying a swim. The Italian dictator joined his wife and family at the resort.

## TO RETIRE

Sir Bolton Eyre-Monsell, First Lord of the British Admiralty and a member of Parliament for twenty-five years, who will not run for reelection. No explanation for the decision was given.

Life sentences meted out to Bascom Ray, Jr., and Maurice Sheridan, for kidnapping, were changed to less severe punishment when their case was reviewed in Dubois circuit court at Jasper recently. Young Ray was turned to his parents, Mr. and Mrs. Bascom Ray, shown with their son at the top. Maurice Sheridan, at the right of Sheriff Ed. Lueger, below, whom the boys kidnapped, had his sentence reduced from one to ten years for automobile banditry.

## THE SCENE OF THE ITALO-ETHIOPIAN CONTROVERSY

This map gives an excellent idea of the political divisions of East Africa involved in the Italo-Ethiopian conflict. The striped areas indicate Italian colonies while the white ones represent British possessions and spheres of influence. At the present time Ethiopia (Abyssinia) is land bound, but in order to facilitate territorial concessions by the African kingdom to Italy in the interests of peace, Britain offered to cede part of British Somaliland, shown by arrow) to Abyssinia, by which the latter would enjoy the compensatory advantage of an outlet to the Red Sea. This proposition, made to Italy by Captain Anthony Eden, has been rejected by Premier Mussolini.

## HER SWIMMING SCENES BANS MOVIE

Because Hedy Kiesler, above, was shown bathing in the nude in the Czechoslovakian movie "Ecstasy," the film was banned from showing in the United States by a federal jury in New York, which ruled it "obscene and immoral."

## GRADED EGG SHIPMENTS

The movement of ungraded eggs from points in Saskatchewan to Winnipeg will be greatly curtailed as a result of a recent Dominion order-in-council requiring that shipments of eggs between provinces in lots of fifty cases or more must, in future, be properly graded before shipment. This ruling becomes a part of the Dominion Egg Grading Regulations and is now effective.

The order is in line with the policy of the Dominion Department of Agriculture to have the grading of eggs done as close as possible to the point of production. Recently the trucking of ungraded eggs from Saskatchewan to Winnipeg has assumed proportions which threatened to disrupt egg grading in Saskatchewan to the detriment of the poultry industry of that province. The new regulation will, in the opinion of Department officials, correct this condition.

## "SLAYER" WAIVES EXTRADITION

Caught in New York after an 11-month search, Merton Ward Goodrich, above, right, confessed slayer of 11-year-old Lillian Galtner of Detroit, waived extradition and was returned to Detroit for trial. Goodrich, a former inmate of the Lima hospital for the insane, and his wife Florence, who was arrested with him, had been hitch-hiking around the country since last September.

## GOLDEN-VOICED TELEPHONE GIRL MEETS PERFECT-VOICED SUBSCRIBER

For several months the British Post office has been searching for the telephone subscriber with the "golden voice" and the telephone operator with the "perfect voice." Recent prominent British, including Doreen Sybil Thorndike and John Masfield, were on the selection committee and here are the indices of their choice. On the left is the golden-voiced operator being congratulated by the perfect-voiced subscriber after the judges had announced their decision.

"My doctor is going to play footsie tonight." "I hope she wins." —Smith's Weekly, Sydney, Australia.

"We can't do 'ethnic' anymore. We've run out of black shoe polish. We've only got yellow." "All right. Put on 'The Mikado'." —The Musketeer, Vienna.

This week we illustrate a smart little self dress which, while not new in its color, is typical of the mode which stresses definite contrast.

It is of a soft fashionable crepe in brown yellow and new bright red for the kitchie, belt and buttons. The red and white which has a slightly green tint, increasing its vividness. Nice detail is to be found in the four small pockets and the stitching which accents its tailored effect.

The most natural outfit for the summer is of course, in the field of sports clothes, and two-time combinations of striking contrast are the best.

## WEMBLEY NEWS

### FINANCIAL REPORT OF RODEO AND SPORTS

WEMBLEY, July 24.—A meeting of the Sports Association was held in the Village Hall on Tuesday evening for the purpose of receiving the report of the financial committee on the results of the two-day rodeo and sports, held on the 17th and 18th inst. The report is as follows:

**Cash Receipts**  
Gate at grounds (two days) . . . \$420.20  
Picture show and dance, 17th . . . 90.70  
Picture show and dance, 18th . . . 114.90  
Concessions . . . . . 127.35  
For program ads . . . . . 25.50  
Carry-over from 1934 . . . . . 17.05  
Total . . . . . \$801.10

**Disbursements**  
Paid out for prizes, exp. acct., \$713.10  
Balance (cash on hand) . . . 88.00  
Total . . . . . \$801.10

We believe this was as good, "if not the best," day sports ever held in this district, and it appeared to be happy and joyful days for everyone.

The management are to be congratulated for the way these sports were pulled off. From the time the gates opened to the time the last "something" doing all the time and without delays of any kind.

Mr. Parvett was on the job all the time, answering batteries of questions showered at him from all directions.

It is estimated that not less than two thousand people were on the grounds during part of each afternoon.

The people of Wembley are grateful to all those who showed their interest by being present, and to those who came from a great distance.

A large number of Indians were present, some of them coming from as far away as Jasper.

A number of the young ladies had a little trouble in passing the gatekeeper as students, but after having their ticket inspected by the gatekeeper, they were found to be in the "fifty" class and all admitted without charge.

There were 225 paid admissions at the dance on Thursday night and the gate-keepers were sure of it.

The hall was just a little full for so large a crowd but everyone seemed to be happy and to enjoy every minute of it.

WEMBLEY, July 24.—The Rev. R. Strachan, of H.B.C., and the Rev. J. L. Whittles of St. Paul's, B.C., were visitors in Grande Prairie on Saturday.

On Thursday, July 11, Mr. Gordon Wagner and Myrtle Cowell of the Millarville district were quietly married in St. Matthew's Church by the Rev. R. Strachan.

On Sunday evening, July 21, Edna, Pauline, Harry and Violet, children of Mr. and Mrs. J. Squires, and also Archibald, daughter of Mr. and Mrs. H. Waser, were baptised in St. Matthew's Church by the Rev. R. Strachan.

CHRISTIAN SCIENCE  
At St. Charles' Roman Catholic church last Sunday the subject of the Lesson-Sermon will be "Truth." The text is, "and the scriptures quotations contained in the Lesson-Sermon." "Enter ye in at the strait gate; for wide is the gate and broad is the way that leadeth to destruction, and many there be which go in thereat." "Because strait is the gate, and narrow is the way, which leadeth unto life, and few there be that find it." (Matthew 7:13, 14). One of the earliest passages from Science and Health, with Key, to be brought by Mr. Baker Eddy, is as follows (page 10): "The Bible has no other authority. I have had no other guide in the straight and narrow way of Truth."

What One Girl Wore:  
By Betty Brownlee  
One of the really amazing things about this season's fashions is the striking new and original color combinations which are featured. Gaiety is the keynote of the present mode and as far as color is concerned contrast is the thing and the more unusual it is the better.

If someone told you a year ago that a grand idea would be to combine deep red with pale blue or red with pink or violet and red, you probably would have kept your opinion to yourself, but most likely you would have thought the idea slightly mad.

But it's all come true. The most unlikely colors have been blended this season. Perhaps it was the linen vogue that started it all, for the most sensational tone combinations were first observed in the smart little linen suits and frocks that descended upon us with the first breath of spring.

However, the idea has spread and unusual color schemes are now observed in dresses and suits of cotton and the best.

Mr. and Mrs. W. E. Roberts of Sexsmith were visitors at the Allen home last Friday afternoon.

WEMBLEY SPORTS PRAISED  
Many from here took the Wembley sports and sports last week and all are proud in their praise of the band of entertainment dashed up. It was two days of thrills, spills and spills, with perhaps Bob Huxlin's power, ridden by Lawrence Torkelson, beating the Huxlin's unbeatable Macdonald in the free-for-all and Northfield's fine display in the basketball.

Carl Mace has joined the ranks of the power farmers, having recently purchased a new tractor.

EXCEPTIONALLY GOOD HAY CROP  
The hay of the month has been exceptionally good. The hay is now in the field and the farmers have commenced haying. The crop this year is an exceptionally good one.

HOME WORK  
Parents are concerned at the vast amount of home work children have to do. Homes are often more like a school at night and parents have to be on hand to see that the children do their work.

TO MY SUPPORTERS  
I wish to express my appreciation to all my supporters who voted and worked for me in the last election. I am most grateful for the support I received from you.

IN MEMORIAM  
In loving memory of my dear son, George William Addison, who passed away on July 24, 1935, at the age of 21 years. He was a bright and cheerful young man, and his death is a great loss to his family.

Now the labourer's task is over. Now the harrow is laid. Now upon the further shore. Father in Thy gracious keeping. Leave me now. Thy servant, sleeping.

## At the 19th Hole

The golf course was nearly deserted the past two weeks, owing to the large crop of ravens, muskrats that has been raised there. Nevertheless a number have taken advantage of the perfect weather and chased the elusive pill, though having to lift off vicious attacks by the muskrats. Some of the players who like the game seriously managed to get a few rounds in, but the majority played only a few holes and then called it a day.

In the Dunlop Handicap Trophy competition only two matches have been played to date. W. Russ won against P. Harrington and Bert Sumner lost to Geo. Duncan.

The course is now in first-class condition and never looked better, but Mrs. Sandy Stevenson says some more has to be done about those muskrats.

## ALONG THE WAPITI

ALONG THE WAPITI, July 23.—Everything Along the Wapiti is looking fine and feed is plentiful. Hay meadows are exceptionally good.

## LEAGUE PICNIC A BIG SUCCESS

The picnic and dance put on by the Community League last Monday were both great successes. Although the heat was terrific, the attendance at the picnic was more than 700 expected. The booth did a rushing business in cold drinks and ice cream. The kids had a whale of a time. The married men played the singles in softball, resulting in a tie. In the men's team Howard Mason was first, Alan Gervin second, Dimdale and Millarson played two games. Dimdale winning both 17-6 and 7-0. At 10:30 adjourned to school for dance. The crowd kept coming till 12:30 a.m. Jack Penrose's orchestra excelled themselves. When it comes to dancing a crowd in the country, whether 500 degrees above or 40 degrees below zero, they can and always do it here.

## BERT OSBORNE'S SPORTS

Bert Osborne is holding a stampede and sports at his place on the Wapiti River, Monday, August 5. This is the second stampede. Last year it will be much better—due to experience gained and also to a larger entrance of contestants in the different events. It is an ideal place for a stampede, situated right on the banks of the Wapiti—a splendid level beach of some twenty acres. Huts and all accessories are of the latest. Also there will be water sports. Everybody come and enjoy yourself. All entrance receipts go into prizes for different events. There will be a refreshment booth on the grounds. Here is considering laying a dance floor and holding a dance at night. Later he would complete the pavilion.

Everybody welcome to the beauty spot of the country, Monday, August 5, 12 o'clock, no stampede, riding, riding, bucking horses, steer riding, horse races, swimming races, etc. Good roads, straight south of Wembley at Terry.

Dunc Bain and family and hired help are more than busy harvesting one of the best crops of strawberries they ever had.

Tom Brumpton's way is no bloodier but he has not enough energy to do any sowing.

Social Credit was on tap at the Millarson picnic and they had a meeting at Pipestone Store, July 23.

## HUGH ALLEN TO SPEAK

Hugh Allen will hold a meeting at Pipestone next Monday, July 23.

Nick Snider has purchased a truck to haul the coal from his mine.

W. Hooper is over in the Flying Shot district, holding his potatoes.

Gordon Wagner and Mrs. Wagner (nee Miss Myrtle Cowell) were christened last week. We have heard of the Dionne quintuplets, but what married couple ever woke up to find they had a real live calf in their bedroom? This same charivari was extended to that confirmed bachelor, Don Kennedy. We won't say what they did to Don.

Mr. and Mrs. M. S. Morrell and daughter, Eva May, of Peace Coups, were visitors to Grande Prairie on Monday.

Mr. Morrell, who is government agent for the Peace River block, reported that the swollen waters played havoc with bridges, many being swept away. However, he was glad to report that all repairs were rapidly being completed and there is no trouble in getting to any section of the block. "The roads and highways are very good," the visitor added.
